## **ABOUT KICK**

KICK is an acronym for Kisumu Innovation Centre Kenya. KICK started as a company limited in 2005 and now employs 83 artisans; 57 male and 26 female. We are a social enterprise that works with the youth, women and young men in Kisumu - Kenya to recycle, reuse and innovate concepts around environmental sustainability.

KICK has been privileged to among other things; provide an environmentally sustainable solution for cremating the Late Nobel Laureate Prof. Wangari Maathai. We also won the SEED Initiative award [www.seedinit.org](http://www.seedinit.org) in 2011. An award announced semi annually targeting green businesses and sponsored by UNEP, UNDP and IUCN.

KICK's vision is to see a society that creatively manages its environment and to promote the values of fair trade to both the producers and consumers of Fair Trade Products. We are a member of the World Fair Trade Organization (WFTO).

Our products undergo through quality checks, being hand made, they are unique and fit into almost any market. We have been in the forefront of supplying international markets in USA, Canada, Australia, Germany, France and New Zealand.
